SKILLS

Front End

Design

LANGUAGES

I'm a front-end developer with experience in the development of responsive designs as well as UI design. I have over 8 years of experience as a freelance graphic designer. Additionally, my experience as an architect has given me a unique perspective and problem-solving skills that I apply to my work as a developer and designer.

EXPERIENCE

Designer & Artist

Studio Larissa Machado. Personal Office | 2021 – 2022

Elaboration of visual concepts and graphic designs for printing and creation of visual online and offline arts. Diagramming documents and creating visual identities. And also, illustrations and tattoos.

Architect

Larissa Machado Architecture. Personal Office | 2017 – 2021

Architectural and urban designs, budget spreadsheets and documentation.

Urban Planning Coordinator
